

## **From Here to Paternity**

Stories in chronological order

Prologue – Lee begins his adventure as a new father.

Early Morning Memories – Some early morning memories are made.

Best of Intentions – Lee learns a lesson the hard way.

Do That To Me One More Time – This is my part of the anthology challenge on SMK17 Yahoo groups written within the From Here to Paternity universe. For those that haven't read FHTP (or its prequel, 'Great Expectations'), you don't need to. This story, as with all the chapters of FHTP, can stand alone. The items that were forced . . . er . . . delegated to me for this story were: a cedar chest, a bullhorn, and a blindfold – Warning: Rating: NC-17

Life Goes On – A moment missed and shared.

Tutu Much – My submission for the letter "T" in the third smkfanfic Alphabet Challenge. The Stetsons learn that the apple hasn't fallen far from the tree.

Put Me In, Coach – Lee throws himself into being a supportive dad, as only Lee can.

A Little Rusty – Lee helps Lauren with her math homework. This story is by Ann, writing within the From Here to Paternity universe.

She's In Love With The Boy – Lauren is 16 and has permission to date. Can Lee handle the reality of this situation?
